### **Classic Yachts International Appointed Grand Banks Dealership On Florida's West Coast**

[Fort Lauderdale] Classic Yachts International has just opened a new office on Florida's west coast, in Cape Harbour Marina, Cape Coral, Florida. An official Grand Opening for this new office is currently scheduled for November 22nd & 23rd. The opening of this new office follows the company's appointment as the Authorized Dealer for Grand Banks Yachts on the west coast of Florida. Currently, Classic Yachts International's main office is located in Fort Lauderdale, with an additional office in Fort Pierce.

"We are very excited to represent Grand Banks Yachts on both coasts of Florida," says Steve Fithian, President of Classic Yachts International. "We're going to implement our many years of professional Grand Banks knowledge and expertise that has worked so well on the east coast, and replicate it on the west coast."

The company is pleased to announce Brian Duffy as Sales Manager of the Cape Coral office. Brian brings many years of Grand Banks experience and knowledge to the Classic Yachts International sales team. As with all Classic Yachts International offices, this Cape Coral location offers the complete line of new Grand Banks Yachts: Heritage, Aleutian and Eastbay Series, as well as select pre-owned brokerage yachts. Classic Yachts International will exhibit new Grand Banks yachts at the Fort Myers and St. Petersburg boat shows this Fall.

Soon, Classic Yachts International will be opening a second west coast location in the Tampa/St. Petersburg area. All of the west coast offices will be full-service Grand Banks dealerships, as well as offering yacht brokerage services. A search for a new location and staff for the Tampa/St. Petersburg area office is underway, as well as for additional yacht sales staff for the Cape Coral and Fort Lauderdale offices.
